Cookie Dough Balls

Ingredients

- 2 scoops Vanilla Fuel-6 Protein Powder
- 1/2 cup coconut flour
- 1/2 cup nut butter such as almond butter
- 1/4 cup maple syrup
- 1/4 cup dairy-free mini chocolate chips
- splash of almond milk (optional)

Preparation

1. Place protein powder and coconut flour in a medium-size bowl and mix.
2. Add in nut butter and maple syrup; mix again. At this point the batter should be just like cookie dough. If it seems too dry, add a small amount of almond milk and mix again.
3. Add in chocolate chips and mix one last time. Using a tablespoon cookie scoop, scoop out dough into your palms and roll into balls. Repeat.
